Phil and Barb started their first church straight out of seminary and consider themselves missionaries to the North American continent.

Their first assignment was to “start a church for unchurched people using only unchurched people to do it.” It was an exciting ride... The Claycomb’s stayed in hands-on church planting for 13 years, planting 2 churches which each planted a daughter church. In 2001 Phil and Barb transitioned into a coaching and training role, helping other church planters pursue their own callings. Phil worked with Stadia: new church strategies from 2001-2005. The Claycomb’s moved to Texas in 2006 and launched Nexus: church planting leadership. Phil and Barb enjoying working together to support church-planting couple’s and families.

The Northern Plains Evangelistic Association’s Annual Leadership Retreat will be held at North Point Christian Church. It is located 2 miles north of I-90 on Hwy 85 (exit 10).
