

Sermon Reflections

5/19/13

1. Do you tend to be an “accelerator” or a “brake?” What makes you say that?
2. Share about a recent time when a hard situation or a difficult person has tempted you to take matters into your own hands.
3. Why do you think people often don’t advise us to wait for the Lord to move?
4. How can moving ahead of God negatively impact our heart?
5. Is there a way that God is currently asking you to wait upon Him? Are you obeying?
