

**Apostolic Bible Students Association of Indiana
Syracuse, IN**

The new conference and dormitory facility (called Camp Azusa) contains 14,720 s.f. on one floor plus two covered porches of 520 s.f. each overlooking Lake Boner. The retreat center includes a large lobby with vaulted ceiling and fireplace, a reception counter, commercial kitchen, a dining room seating 270 in chairs or 132 at tables. Opening onto both the lobby and dining room is a secondary conference room seating 70 in chairs or 36 at tables.

The facility includes offices, two nurses rooms, public restrooms and two guest rooms with private baths. The dormitory wing includes fifteen six-bed dorms, common restrooms with showers, and a laundry/vending room. Another wing includes eight hotel-style rooms.

"Our Camp is located in Syracuse, Indiana and was recently rewarded a large financial amount from the Lilly Endowment to construct a conference center/dormitory building on our campsite. We are very new to this process, and originally contracted another consultant/design agency to assist us. However, we were very disappointed with their level of service. We then had the pleasure of contacting Omega Church Consultants, Inc. They gave us the personal attention and expertise that we needed. They not only have designed a plan that was just what we wanted, but also did so within the budget restraints that we had. I greatly appreciate the level of service that they have provided us and highly recommend them to anyone needing the types of services that they offer!"

- **Bishop Hobart Gregg, executive director of Camp Azusa**
