

### **Greater Grace Temple Tulsa, OK**

This new church includes three potential phases of development. The first phase includes the main floor sanctuary facility of 16,250 s.f. This phase includes a fan-shaped sanctuary with 588 congregational seats including the risers to the future balcony. The choir loft seats 63. The first phase also includes seven large classrooms, a bookstore, a large office suite, restrooms, elevated baptistry and dressing rooms. The entry foyer is open two-stories. Behind the platform is a chapel/choir room.

The 6,200 s.f. second phase of development is the balcony seating 322, a prayer room, additional classrooms and storage rooms. The 10,670 s.f. third phase of development includes a full court gymnasium, kitchen, locker rooms, dining areas, evangelist's quarters and five classrooms.

*"It has been a tremendous pleasure to work with you, and your company. I appreciate the business attitude, and the consideration you have shown to this church during this project. Thank you for supporting the vision of this project, and seeing it through.*

*You have truly been a blessing to this ministry. May the same be returned to you all the more, and may God bless you is our continual prayer."*

- **Rev. Donald O. Tyler, Sr., pastor of Greater Grace Temple**
