

**Victory Temple
Muncie, IN**

Victory Temple is a 15,000 s.f. new church facility located on fourteen acres. Omega Church Consultants, Inc. provided complete architectural design and construction management services to this congregation.

The facility consists of a sanctuary seating 350, a gymnasium/fellowship hall which can also serve as overflow sanctuary seating. Surrounding the sanctuary and gym are offices, classrooms, restrooms, foyer with carport, kitchen and storage rooms. The site development involved creation of a retention pond, and extensive excavation of the land. The parking lot and carport are in the rear. This is a very versatile and cost efficient plan that is easily expandable.

"We chose Omega after interviewing a number of architectural firms. We were impressed by their comprehensive approach, cost efficiency and warmth in dealing with people. Also we were impressed with their understanding of our needs as we related our vision to them. As the project progressed we experienced the benefit of their integrity and hands-on approach to see that the project was completed. We strongly recommend their services to others!"

- **Rev. Rick Bowen, pastor of Victory Temple**
