

WHY AN OFFICE REMODEL?

There are many good reasons for this such as: our office area looks and feels like a house, not an office. Or it is very much out of date. Or it does not look professional and welcoming. But the biggest reason to remodel our office area, in my opinion, is because the Lord has given us this space and we need to take good care of it. Now obviously we take care of the spaces God has given us by making sure our attitudes and actions are right as we are using those spaces, but also beauty is important to God. Just look around at what God has created. **The main reason to keep things looking beautiful is because we serve a God who is beautiful.** The stuff we have is not our own, it is His, on loan to us, and He expects us to keep it as beautiful as we can. This goes way beyond our office area. Everything we have, including our own bodies, should be made as beautiful as we can make them. (God has given some of us a handicap in this area.) **We keep things as beautiful as we can, not for our own pride or ego, but because we serve this amazing, creative God.**

So, back to our office space... right now it is FAR from beautiful. We need to do something about that, in fact we have a calling from the Lord to do something about that. When we pray, "May Your Kingdom come and Your will be done on earth as it is in heaven", I sincerely believe that part of doing His will is taking care of His stuff, like He Himself would take care of it.

And guess what, because He Himself is interested in His creation, He will provide you and me the \$ to do this. We will need to take faith steps in our giving toward this, but God will provide, because it IS what He wants.

So what can you do about this right now? The best thing right now is to start praying and asking the Lord to guide you in your giving for this Office Remodel Campaign, so that when the time comes to make a pledge, you will be ready and confident that you have heard from Him and are following Him! ~db
