**God Calls us to Healing and Living a Life of Healing
Mark 1:29-31**

Do you have a vision for your life? Something that provides direction? Parameters?

What does Living a Life worth Dying For Look Like?

It is a Good Life

It is a Life that spreads God's goodness to others.

It is a life that takes great courage to Live.

To live this real life you have to be willing to give up your life. Courage.

It is a life lived in cooperation with God

It is a life characterized by Healing.

Healing is at the center of a life lived well.

To be made whole by God and to cooperate with God in making others whole.

What are you living for?
