**"Created for Life, Remembering Who We Are"
Ephesians 2:1-10**

Our dilemma (Ephesians 2:1-3)

Sin is a condition, sin is a nature, it is something that we cannot cure.

So if we have a condition that we cannot cure on our own, what can we do?

We need God to act on our behalf. (Ephesians 2:4-5)

God Saves Us

Has God saved you?

God saves us abundantly and generously! (Ephesians 1:3-8)

This is not a half-way God, a stingy God, a God who is half-heartedly committed to us!

Are we the same with God? Do we reciprocate?

Are you as committed to God as God is committed to you?

Is this generosity that God showers down upon us something we have earned? (Ephesians 2:8-9)

So what do we do with such generosity? (Ephesians 2:8-10)

We give ourselves to Him unreservedly

We pour our lives out in service for Him

God has called us to be an alternative City!
