

Jesus Heals Two People

based on Mark 5:21-43

A leader of the synagogue named Jairus came to Jesus. He cried out, "My twelve-year-old daughter is very sick. Please come and place your hands on her and heal her!" So Jesus went with Jairus.

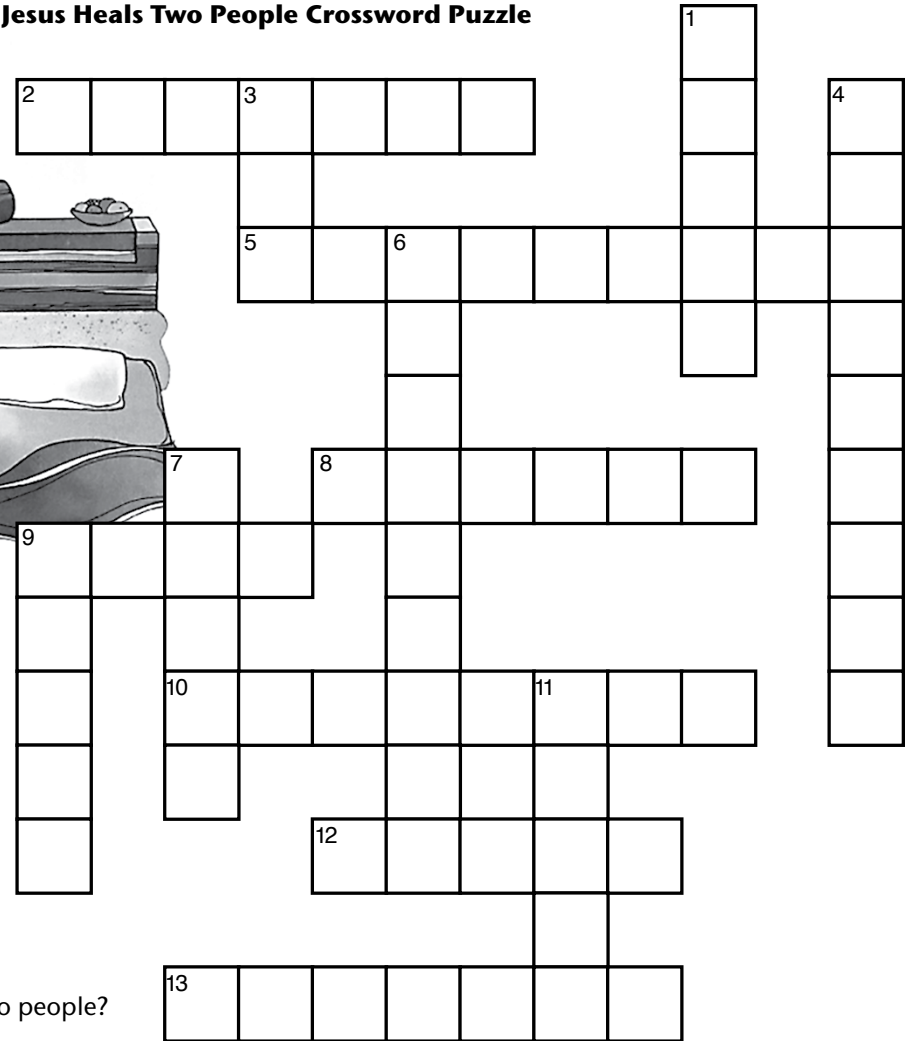

A large crowd followed Jesus. In the crowd was a woman who had been bleeding for twelve years. She knew about Jesus, so she reached out and touched his clothes. Her bleeding stopped immediately. Jesus looked at her and said, "Your faith has made you well."

Messengers came from Jairus's house and told him his daughter had died. Jesus overheard their report and said to Jairus, "Do not fear. Trust in God." When they got to the house, Jesus went in and said to the people who were there, "Why are you crying? The child isn't dead. She's only sleeping." They laughed at him.

Jesus took the child's parents and his disciples to see the girl. Taking her hand, Jesus said, "Young woman, get up!" Suddenly the girl got up and began to walk around. Everyone who saw this was shocked!
