

Week 3

It's Hard Work!

- *Have a storage container to pack up your classroom, rugs, snacks etc. If at home pack up for a snack, a good book, or a short lesson on how hard it would be to pack up everything in a church.*
- *Have a place picked out to have class that is not normally where you meet. It could be at the end of a hallway, in the corner of the fellowship hall, etc.*
- *(For next week) Start finding some pictures of friends, family, church friends and neighbors if possible for Week 4's lesson*

What is it like to not have a classroom? What do we need to be able to listen to the bible story and do our crafts and have snacks?

Church plants set up every week and then clean up. They have to bring everything they need to have church to their meeting place every week. 52 weeks of the year!

Would you pray for Upward Church? Pray they have the strength to love their neighborhoods every week by setting up and cleaning up!

Show Week 3 video if you have access to the internet.
