

CONNECTION

Small Groups

SPIRITUAL GROWTH TOGETHER.

As our church grows larger, we need to also grow smaller so people don't get lost in the shuffle. Small groups are meant to give life! Christ launched the church by starting with a small group of people who ate together, learned together, served together, and supported one another in their daily walk.

Small groups model the early church and what it means to do life together and live in community. We encourage you to join one of our small groups and experience life the way God intended ... in community.
