

This Week's Prayer Focus: Chase
Week of: July 22, 2018

Location: Community Presbyterian Church, Chase

Mission Focus: We continue to host the Wednesday After School Program for latchkey kids in the K-5th grades. Volunteers from the community and area churches help our staff with the needs of the 30 or so students who regularly attend. We also sent many kids to Westminster Woods Summer Camp almost all with full scholarships. Four of our High School Youth Group and their sponsors, who meet in the Church basement on Sunday evenings for Bible Study and Worship, will be joining the youth group from Grace Presbyterian to participate in Operation Team Effort and will spend some time in Rockport, Texas repairing and rebuilding homes damaged by Hurricane Harvey. Last year, 2017, donations were given by the community to help fill Christmas food and gift baskets for families in need. We are still in the process of outfitting the old manse next to the Church proper and making it into a year round food pantry for the community of Chase. Our community comes together; neighbor helping neighbor.

Prayer Request: The church asks for prayers that they remain true to their mission statement which says that the church opens wide its doors to all who need a Savior and to whosoever will come, and in the name of Jesus Christ we say, "Welcome!"
