

This Week's Prayer Focus: Sterling, KS

Week of: January 13, 2019

Location: Sterling United Presbyterian Church

Mission Focus: In a small community we might expect that everybody knows everybody, but it turns out not to be true. We've discovered we don't know all our neighbors, or if we do know who they are, we don't know them very well. Our mission this year is to get to know our neighbors, to be more neighborly.

In our community, there are many families of adoptive and foster children. We have partnered with an organization called Care Portal to help meet the needs of these families, and we are growing in our awareness of how to be welcoming and helpful partners and encouragers of these families.

Prayer Request:

- That God would give us wisdom, courage and compassion as we seek to grow as obedient followers of Christ and good neighbors.
- That we would be successful at helping adoptive and fostering families in our community.
