A successful first year of growing friendships and vegetables was concluded with a Harvest Celebration Soup Supper in Garden City on

October 29. Five Burmese families and two church members were the first gardeners in the newly established **Northeast Community Garden at the Presbyterian Church**. Recognizing that many

apartment dwellers in the neighborhood had no place to garden and desiring to develop relationships, the church opened eight plots in June 2018. After the city agreed to provide water, the Session moved forward with city permits, soil preparation, installation of a hydrant and opening the plots for planting. It was a great summer of making connections!

Western Kansas Community Foundation and the Presbytery of Southern Kansas are supporting the expansion of the garden in 2019.

(Thanks Mary Buchele)

**First Presbyterian Church, Larned, held their annual Deacons Fall Picnic. Approximately 35 adults and children attended and there was plenty of food for everybody. The weather was perfect and the fellowship was even better!** (Thanks Linda Wyman)

## PSKYC Work Weekend

The work weekend that Youth Council put together for Nov 16-18 was a complete success! We were so lucky to have such hard workers and such a great turnout for this year. Around 66 people (adults and youth together) signed up beforehand, and I believe we had more show up to help work. We had 6 work stations and 3 of those included raking leaves. The work that these kids, and adults did in one

weekend saved Westminster Woods so much time and money. The people that come to these events don't complain about the work they are given, they do the work with a smile on their face. First Presbyterian brought a majority of the people, which included youth members from the Wichita Refugee Congregation (who are refugees from many different nations.) They were a joy to work with. They, along with the other children, brought so much life to the group. The Youth Council would like to thank the Presbytery for the support and push to keep these events going.

Thank you Haley Smith PSKYC Editor and PSKYC Historians, Audrey Farrell and Bronwen Burch for the information and pictures.
