

Bring Your "Clean-up Buckets" to the Presbytery Meeting on June 14th

The Clean-up Buckets that you bring to the June 14th Presbytery meeting at the Garden City Presbyterian Church will be collected and taken to Ferncliff Camp (near Little Rock, Arkansas) so they might be distributed to affected areas within the U.S. The Clean-up Buckets are used by residents to clean their homes after a flood, wind storms, tornados or other disasters. Hence, the original name of "Muck Out Buckets." Contents of the buckets include almost everything a person would need to get the mud and storm residue out of their homes. They contain disinfectants in concentrated forms, dishwashing soap sponges, etc. for general clean up use. The buckets can be used to carry water or debris from the homes, or for carrying water to the residence. Visit www.pbysk.org to find a listing of the contents for the Clean-up Buckets, and a mission minute power point that may be shown to your congregation.

Ernie Hull, Moderator, PSK Disaster Response Team

June 2011

First Presbyterian Church, Coldwater, KS

Pastor Ben Ray, PSK Moderator

The music was outstanding! The stories were heart warming and funny. The history was rich. The people were genuine. It was a time to reconnect with friends and colleagues. Yet another church founded in the late 19th century found the time to close in the early 21st century. Many of relationships that were formed within the walls of the **First Presbyterian Church, Coldwater were reunited May 1st as they gathered to celebrate the final worship service in the long 124 year history of the establishment of the congregation. May the fruit of their 124 years of faithful labor continue to multiply as these disciples take part in other churches throughout our Presbytery and beyond. May God bless them as they share the love of the Coldwater church in their every day life. The Church might have closed, but it's disciples are alive!**

MISSION-N-'A-WEEKEND

We praise God for perfect weather on May 6-8th at Westminster Woods Camp. Fifty-four volunteers with willing hearts and hands and sufficient funds to purchase all needed paint and supplies, worked at the camp. Volunteers completed many tasks: the exterior of five older cabins were spray painted and window/door trim and porch railings were painted by hand; new composite boards were screwed onto boat docks; new flooring was placed on the director's house front porch; a new screen lattice roof and other renovation were done on the PEW; leaves were raked away from the buildings; the inspiration garden was raked, planted and mulched; seasonal office work was done; windows were washed, and birdseed bagged; some food was prepared for the camp freezer and five delicious meals were prepared, served and cleaned up.

The coordinating team of the Presbyterian Women of Southern Kansas is grateful to all who sent donations for supplies and to all who gave of their time and energy to make this mission weekend a success. As of May 6th, \$5,433 had been received for paint and supplies. That far exceeded our goal of \$2,000 but because of that, we were able to purchase composite boards for the boat dock and new lumber for the front porch. Any donated funds remaining after the bills have been paid will be given to the Friends of Westminster Woods Fund for future needs.

Westminster Woods... Summer Camps 2011

"BELIEVE" John 3:16-18
