Adopt  
a Pastor

**Comments:** Neighbors would come to their home and invite them to church and pray for them, but they were resistant to believing. They had a baby and he died at nine days. After they buried him, they saw something come up out of the ground and hover over their older son who was sleeping in a bed. It frightened them so that they ran out of the house and to their neighbors. They went to church the next Sunday and gave their hearts and lives to Jesus and have been serving Him ever since. They began their fourth church in 2013 and are working at establishing a vibrant church in this village.
