

Pastor Prayer Requests - Fall 2018

DECEMBER 13, 2018:

Pastor S.R.R. asks for prayer for God to bless Nicaragua, please pray for peace.

Pastor J.D.L. asks for prayer for healing of eye problems he has, for his wife who deals with bone pain and for their children to do well in school.

Pastor F.A.V. begs for prayer for Nicaragua, that God will take control of everything. That there would be a good harvest for their crops, especially as they have been affected by a phenomenally heavy rain season. Also he request prayer for his family, his ministry and for him personally.

Pastor R.H.T. asks for prayer for his family, his church and for unity of the pastors in the area.

Pastor D.P. asks for prayers for the children and young people they have been working with. They have an awakened new life making them desire to win souls and be of service and share with other associated pastors that they will be motivated and move forward in the work of our Savior.

DECEMBER 6, 2018:

Pastor M.H. and his family ask for prayer for Nicaragua, for the very unstable socio-political situation - for the country and for her families. One of his sons has been able to continue with his studies at the university, because it is a private one, but another has not been able to continue because of a lack of finances. The two younger sons are still studying in primary school. All of this has brought the economic situation of the church down, but God continues to sustain us. We thank the Lord the work is still moving forward - slowly, but forward. Some brothers are discouraged because of the lack of work but we are praying to God that He would console them and provide for them.

Pastor M.B. asks for prayer for overall growth and that God would continue opening doors for the preaching of the Gospel of the Kingdom of God.

Pastor L.A.N. asks for prayer for he and his wife as they are passing through a very deep testing. Both of them are feeling sick as a consequence of this.

Pastor J.S.P. asks for prayer for the growth of the work of the Lord. He also asks that we pray that his family would stand strong and pray for Nicaragua as they face this economic crisis.

Pastor D.M. as us to pray for the church, that God will bless us spiritually, numerically and financially in the church.

Pastor M.P.T. asks us to pray for his continued healing after recently losing his leg. He wants to return to his church soon.

Pastor N.C. asks for prayer for his health after suffering from a stroke and all the complications. Pray that God would help him recover so he can serve others and the Lord and that God would make a way for him to buy his medications.

Pastor A.M. asks for prayer for his family. His wife, now home recuperating, was hospitalized for two days with dizziness. His son, **A.** was in an accident recently, but is now doing well. The rest of the family is suffering with chikungunya virus (fever, joint pain - spread by mosquitoes). They remain firm in their faith in Jesus Christ. He ask for prayer for his son Ezekiel for conversion. Pray also that the church grows spiritually and in numbers and for the new construction. Please also pray for CNPEN (Nat'l Association of Evangelical Pastors in Nicaragua) and for his city, Nindiri.

Pastor R.H.T. asks for prayer for his family, his church and for unity of the pastors in the area.
