### QUICK REVIEW

1. What are two things that jumped out to you about the sermon?

A.

B.

## INTO THE BIBLE

2. Revelation 12 tells us that satan's war is against Christ and anyone who follows Christ. As Christians, it is important for us to know who and what we are up against. Otherwise, we spend time fighting each other and not the evil in the world. Check out the following verses and questions:

1 Peter 5:6-11

Our adversary is satan. According to the verses, what instructions are given to fight against him?

Why is it so important to "be watchful"?

What areas of your life do you watch closer than others? Why?

3. Ephesians 6 tells us what is included in the armor of God. It was imagery that many original readers would have associated with the military of their day. It wasn't so much an emphasis on each piece of armor as it was an emphasis on how we prepare our hearts, minds, and bodies for battle against evil.

Read Ephesians 6:10-20.

How do you train yourself to battle evil?

Is there any evil in your life currently that you have grown accustomed to calling "normal"?

How can Christ change that?

## TAKING IT HOME

5. Navy seals always ask 3 questions when though get dropped into battle. Ask them of yourself when it comes to spiritual warfare:

Where am I?

Where is the enemy?

Where is my brother?

6. One way to successfully overcome satan is to memorize God's Word. You can start by memorizing this powerful section of scripture: Psalm 91:1-16
