

St. Peter's Keys

The newsletter of St. Peter's Episcopal Church - A Sanctuary in the heart of Lewes, DE

From the Rector:

Dear people of Saint Peter's,

Recently, as we completed our Lenten study on Forgiveness, I shared this story: An elderly Cherokee was teaching his grandchildren about life...He said to them, "A fight is going on inside me, it is a terrible fight and it is between two wolves. One wolf is evil -- he is fear, anger, envy, sorrow, regret, greed, arrogance, self-pity, guilt, resentment, inferiority, lies, false pride, competition, superiority, and ego. The other is good---he is joy, peace, love, hope, sharing, serenity, humility, kindness, benevolence, friendship, empathy, generosity, truth, compassion and faith. This same fight is going on inside you, and inside every other person, too." The children thought about it for a minute and then one of them asked his grandfather, "Which wolf will win?" The old Cherokee simply replied: "The one you feed".

Here at Saint Peter's we strive to feed the "good" wolf in all of our ministries and have been blessed with joy, peace, love, hope sharing, serenity, humility, kindness, benevolence, friendship empathy, generosity, truth, compassion and faith. Consider, for instance, our Seekers ministry. For the past five years Seekers has grown to a tremendous ministry in our community. In addition to providing spiritual resources for those seeking greater understanding of their own religious traditions as well as those of others, we have used all of the proceeds to help those in need, including the Cape Henlopen Food Basket, Doctors without Borders, work in Haiti, and Centro Infantil in San Miguel de Allende.

In addition, we have created a space for conversation; a place to explore our own spirituality as Christians and to learn from the religious traditions of others. In addition to the occasional workshops, our summer spirituality series has provided a wonderful line-up of programs and this summer will be no exception. Here's a sneak peek of what is on tap:

WHAT THE RECTOR IS READING: Since watching the movie “The Way”, I have been captivated by the Camino de Santiago Frances pilgrimage in northern Spain; a mere 400+ mile walk. Sister Joyce Rupp recently completed the journey and has written a wonderful book on the life lessons she (re)learned along the way: “Walk in a Relaxed Manner: Life Lessons from the Camino”. Even if you can’t make the trip, you can vicariously experience the gleanings of her trek!

- Mary Makowski and Terry will report to the FAC on the work to date of our committee and request their assistance in finding ways to fund the wall renovation. (Report was made to the FAC at their March 19th meeting and they agreed to assist with the funding.)
- Contract with Gary Gredell to prepare detailed engineering plans for the wall renovation was signed and returned. Mr Gredell has advised us that a well-qualified masonry contractor should be able to "handle" all the anticipated work and that this would probably prove to be the most efficient way to get the work properly done. He also advised that installation of the drains just inside the wall be done at the same time that the brick-work is undertaken.
- When Gredell's engineering plans are completed, the committee will meet with the City of Lewes to obtain approval for this project and will seek bids from masonry contractors to carry-out the work in the fall of 2012.

- Coming-up Music Programs will be listed in the newsletter.
- Services for Holy Week and Easter Sunday went well and attendance was great.

To My Parish Family:

“Thank you” – the phrase is simple and the words are few, but behind them lay a world of appreciation. Your prayers, flowers, cards and concern during the last couple of years while I was caring for my uncle, Rodney Green and since his death have been greatly appreciated. You continue to prove what a caring and loving parish community we have at St. Peter's.

God bless you,
Adele

STEWARDSHIP CORNER *This month brings the inaugural edition of a new and ongoing column on Stewardship.*

When we hear the word Stewardship we think: It must be the end of the year. We are going to be asked to pledge to support St. Peter's and all its ministries in the coming year. We certainly will ask you for your support in the fall of the year, but there's more to it than our annual request. Stewardship is the sum of all of the contributions of "time", "talent", and "treasure" given generously by you to be the lifeblood of St. Peter's Church. The annual request assists the Vestry in preparing a budget plan for the next year, but your pledge is just a "snapshot" promise of support. The reality is that the life of St. Peter's parish is a continuous "video" of activities sustained by your contributions throughout the year.

In future newsletters and publications we will address many aspects of Stewardship. We'll start with questions you may have regarding church income and expenses. For example: why do we need to pledge each year? How much does the pledge income cover the operating budget for the year? Besides loose cash in the collection plate, what other sources of income does St. Peter's receive on an annual basis? What is the Primary Investment Account? How does it work? Who makes the spending decisions on the funds the church receives? Where are we on our income-vs.-budget numbers year-to-date?

These are just some of the "treasure" questions and issues we plan to address in the coming months. "Time" and "Talent" issues will also be addressed.

If you are receiving this newsletter for the first time and/or you are a new member of the parish, please consider making a pledge for 2012. It's never too late. Thank you for your generous and loyal support to St. Peter's!

Faithfully your Stewardship Co-Chairs,
Tony Marinello and Dan Somerset

Our Little Corner of God's World

If you've been in the parish hall anytime since February 17th you might have noticed a bulky barrel "thing" sitting near the door at the Mulberry St. entrance to the building. Sometimes, though, it's been in the scullery or at the back of the room and, every now and then, it's even occupied the landing at the top of the steps. Regardless of its location, though, it's been "in our midst" for longer than had been planned. I would like to say that its extended residency was intentional with the purpose of tweaking your curiosity and challenging those "with inquiring minds" to seek an answer to the question:

"What is it and why is it here at St. Peter's?" Ahh yesss...I'm so glad you asked.

If I tell you its purpose is to be the repository for something of great value to our earth in general but, more specifically, for the beautification of "St. Peter's Square," can you guess what it will hold? Gold? Silver? Jewels? Money? Nope, none of the preceding. Truth is it's going to hold our kitchen waste. In other words...our **garbage**. And in time our garbage will become compost that the Garden Committee will use to keep our flowers, trees and shrubs well nourished without the need for harmful chemicals and excessive reliance on commercial fertilizers.

There is a GREAT kid's/family song by Tom Chapin entitled ***GOOD GARBAGE*** that I think pretty much captures the essence of what the Environmental Committee has been working to see happen here at St. Peter's and in the homes of our parish families. I tried to find a website that would enable you to listen to the song, but I'm not technologically talented enough to do that. I even solicited the help of my granddaughter to find it online the last time we were together (knowing that her computer skills are MUCH more advanced than mine) but alas, she couldn't find the song in its entirety either. Unfortunately, she heard just enough of it to get it "stuck in her brain" for the remainder of the day, which she said drove her nuts. Guess that was because the tune is catchy and you can actually hear and understand the words. (Imagine that!) Well, anyway...here are the lyrics to ***GOOD GARBAGE***...I hope you like them as much as I do.

Good Garbage by John Forster & Tom Chapin © 1990 Limousine Music Co. & The Last Music Co. (ASCAP)

I had a turkey dinner, threw the bones away. They hauled them to the county dump without delay.
By the following Thanksgiving they had turned to clay. They're bio-de, bio-de, bio-degradable garbage.

*Good Garbage breaks down as it goes. That's why it smells bad to your nose.
Bad garbage grows and grows and grows. Garbage is s'posed to decompose.*

Now styrofoam is bad, it lasts a thousand years. A packing peanut's born and never disappears.
So crumple up your comics when you ship your chandeliers. 'Cause comics are bio-de, bio-degradable garbage.

*Good Garbage breaks down as it goes. That's why it smells bad to your nose.
Bad garbage grows and grows and grows. Garbage is s'posed to decompose.*

Every time that we buy food we also buy the package. Bottles, boxes, bags and cans, they end up in the garbage.
Half of all our cash we're spending on our trash. For the sake of Mother Earth, let's get our money's worth! Only buy bio-de, bio-degradable...

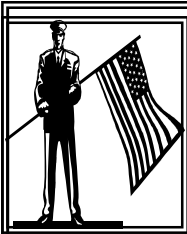

*Good Garbage breaks down as it goes. That's why it smells bad to your nose.
Bad garbage grows and grows and grows. Garbage, garbage, garbage is s'posed to decompose.*

Of course, it goes without saying, that none of the things the Environmental Committee has done so far and hopes to continue doing would be possible without the support of our Rector, the staff and members of the Vestry. We here at St. Peter's are **truly** blessed to have the leadership of people who "put their money where their mouth is" when it comes to being good stewards of this wonderful world God has provided for us. So to all those who make the decisions....especially when responsible stewardship often comes with a hefty price tag attached....THANK YOU SO VERY MUCH!!
