Water location: Rear left corner of site, shared with site 43  
Sewer location: N/A  
Site width: 25'  
Site depth: 45'  
Site pitch: TBD  
RV size restriction: 35'  
Approach: Left side backing, between trees (moderate)  
Special notes: Under reconstruction

## Site 43: (Tent)

Utilities: 110V, 10A electric, water  
Electric location: Rear of site 42, shared with site 42  
Water location: Rear of site 42, shared with site 42  
Sewer location: N/A  
Site width: 25'  
Site depth: 20'  
Site pitch: TBD  
RV size restriction: Tent only  
Approach: N/A  
Special notes: Under reconstruction

## Site 50: (Pop-up)

Utilities: 110V, 30A/20A electric, water  
Electric location: Rear left corner of site  
Water location: Rear left corner of site  
Sewer location: N/A  
Site width: 25'  
Site depth: 30'  
Site pitch: 6% front to back, 6% side to side  
RV size restriction: 20'  
Approach: Either direction (difficult)  
Special notes: Difficult narrow entrance over culvert, restricted swing

## Lakewood Retreat Campsite Guide

### Site 52: (Pop-up)

Utilities: 110V, 30A/20A electric, water  
Electric location: Rear left corner of site  
Water location: Rear left corner of site  
Sewer location: Rear left corner of site  
Site width: 30'  
Site depth: 30'  
Site pitch: 7% front to back, < 1% side to side  
RV size restriction: 20'  
Approach: Left side backing (difficult)  
Special notes: Narrow entrance over culvert, secluded, shady

### Site 54: (RV)

Utilities: 220/110V, 50A/30A/20A electric, water, sewer  
Electric location: Rear left corner of site  
Water location: Rear left corner of site  
Sewer location: Rear left corner of site  
Site width: 20'  
Site depth: 50'  
Site pitch: 6% front to back, < 1% side to side  
RV size restriction: 35'  
Approach: Either direction (moderate to difficult)  
Special notes: Narrow entry, uphill back, 4WD recommended, secluded, shady

### Site 60: (Tent)

Utilities: Water only  
Electric location: N/A  
Water location: Front left near  
Sewer location: N/A  
Site width: 25'  
Site depth: 18'  
Site pitch: 4%  
RV size restriction: Tent only  
Approach: N/A  
Special notes: Between roads, 2 entrances.

### Site 61: (Tent)

Utilities: 110V, 10A electric  
Electric location: Front left corner of site, shared with 62  
Water location: Front left corner of site  
Sewer location: N/A  
Site width: 15'  
Site depth: 25'  
Site pitch: 4%  
RV size restriction: Tent only  
Approach: N/A  
Special notes: Between roads, 2 entrances.

## Lakewood Retreat Campsite Guide

### Site 62: (Tent)

Utilities: 110V, 10A electric  
Electric location: Between site 61 & 62, shared with site 61  
Water location: Front left corner of site  
Sewer location: N/A  
Site width: 25'  
Site depth: 17'  
Site pitch: 3%  
RV size restriction: Tent only  
Approach: N/A  
Special notes: Between roads, 2 entrances.

### Site 65: (RV)

Utilities: 220/110V, 50A/30A/20A electric, water, sewer  
Electric location: Rear left corner of site  
Water location: Front right corner of site  
Sewer location: Rear left corner of site  
Site width: 18'  
Site depth: 43'  
Site pitch: 2.5% front to back, < 1% side to side  
RV size restriction: 35'  
Approach: Left side backing or jog from corner  
Special notes: Breaker for pavilion A located in electrical box

### Site 66: (RV)

Utilities: 220/110V, 50A/30A/20A electric, water, sewer  
Electric location: Rear left corner of site  
Water location: Front left near A8  
Sewer location: Rear left corner of site  
Site width: > 20'  
Site depth: 30'  
Site pitch: < 1% front to back, < 1% side to side  
RV size restriction: 28'  
Approach: Either direction  
Special notes: Restricted swing

### Site 67: (RV)

Utilities: 220/110V, 50A/30A/20A electric, water, sewer  
Electric location: Rear left corner of site  
Water location: Front right corner of site  
Sewer location: Rear left corner of site  
Site width: 20'  
Site depth: 50'  
Site pitch: < 1% front to back, < 1% side to side  
RV size restriction: 35'  
Approach: Left side backing  
Special notes:

## Lakewood Retreat Campsite Guide

### Site 68: (RV)

Utilities: 220/110V, 50A/30A/20A electric, water, sewer  
Electric location: Rear left corner of site  
Water location: Front left corner of site 69, need long hose  
Sewer location: Rear left corner of site  
Site width: 15'  
Site depth: 50'  
Site pitch: < 1% front to back, < 1% side to side  
RV size restriction: 35'  
Approach: Left side backing (easy to moderate)  
Special notes:

### Site 69: (RV)

Utilities: 220/110V, 50A/30A/20A electric, water, sewer  
Electric location: Rear left corner of site  
Water location: Front left corner of site  
Sewer location: Rear left corner of site  
Site width: 15'  
Site depth: 50'  
Site pitch: < 1% front to back, < 1% side to side  
RV size restriction: 35'  
Approach: Either direction backing (easy)  
Special notes: Wide access.

### Site 70: (Tent)

Utilities: 110V, 20A electric, water  
Electric location: Back of site 69, shared with site 69  
Water location: Front left of site 69, shared with site 69. Long hose needed.  
Sewer location: N/A  
Site width: 18'  
Site depth: 25'  
Site pitch: < 1% front to back, < 1% side to side  
RV size restriction: Tent only  
Approach: N/A  
Special notes: Tight entry. Directly across from bathhouse, pole light.

### Site 72: (Tent)

Utilities: N/A  
Electric location: N/A  
Water location: N/A  
Sewer location: N/A  
Site width: 25'  
Site depth: 35'  
Site pitch: < 1% front to back, < 1% side to side  
RV size restriction: Tent only  
Approach: N/A  
Special notes: No services. Directly across from bathhouse, pole light.

## Lakewood Retreat Campsite Guide

### Site 73: (Tent)

Utilities: 110V, 10A electric  
Electric location: Between site 73 & 97 behind sub-panel, shared with site 97.  
Water location: N/A  
Sewer location: N/A  
Site width: 25'  
Site depth: 40'  
Site pitch: < 1% front to back, < 1% side to side  
RV size restriction: Tent only  
Approach: N/A  
Special notes: Next to lift station

### Site 76: (RV)

Utilities: 220/110V, 50A/30A/20A electric, water, sewer  
Electric location: Rear left corner of site  
Water location: Rear left corner of site

## Chickadee site 1

Utilities: 220/110V, 50A/30A/20A electric, water, sewer  
Electric location: Rear left corner of site  
Water location: Rear left corner of site  
Sewer location: Rear left corner of site  
Site width: 15'  
Site depth: 45'  
Site pitch: 1.1% front to back  
RV size restriction: 40'  
Approach: Jog and straight back  
Special notes: Tight trees, may limit slide out options

## Chickadee site 2

Utilities: 220/110V, 50A/30A/20A electric, water, sewer  
Electric location: Rear left corner of site  
Water location: Rear left corner of site  
Sewer location: Rear left corner of site  
Site width: 15'  
Site depth: 50'  
Site pitch: < 1%  
RV size restriction: 45'  
Approach: Enter upper driveway, left turn, drive through site  
Special notes: Some chassis twist on entry

## Chickadee site 3

Utilities: 220/110V, 50A/30A/20A electric, water, sewer  
Electric location: Rear left corner of site  
Water location: Rear left corner of site  
Sewer location: Rear left corner of site  
Site width: 20'  
Site depth: 35'  
Site pitch: 4.8% back to front  
RV size restriction: 35'  
Approach: Enter lower driveway, left side back  
Special notes: New site, needs fill

## Chickadee site 4

Utilities: 220/110V, 50A/30A/20A electric, water, sewer  
Electric location: Rear left corner of site  
Water location: Rear left corner of site  
Sewer location: Rear left corner of site  
Site width: 12' (no awning)  
Site depth: 40'  
Site pitch: < 1%  
RV size restriction: 40'  
Approach: Difficult, right side backing, trees both sides  
Special notes: Some chassis twist on entry

## Lakewood Retreat Campsite Guide

- Utility locations are specified from the side of the rig when properly parked in the site. (Ex: Left rear corner means that the utility connection will be found at the left rear of the rig when parked. Right front corner means that the utility will be found at the right front of the rig. Etc.)
- Dimensions and pitch are approximate.
- RV size restrictions are estimates. The towing vehicle may need to be unhooked after parking the rig if the total rig is longer than the site depth.
- Rig type and driver skill should be considered. Right side backing should have an extra person available as a spotter. It is recommended that drivers with large rigs preview site and approach before entry to the campground. Lakewood staff will be happy to assist in anyway possible.
- Chassis twist may be a concern for longer RV's or fifth wheel trailers. See special notes.
