## MAIN HALL & COMMERCIAL KITCHEN

The Hall has a pitched timber ceiling and a polished wood floor: it seats some 200 people in theatre style, and up to 100 people at round tables for the full service of meals, including room for a buffet and for a drinks table. The Hall has brilliant natural light: glazed doors on the north side open to a verandah that runs the length of the Hall, and overlooks the attractive garden that separates the Centre from the Church. The Hall is gas-heated.

The Kitchen is adjacent to (but soundproofed from) the Hall. It is built to commercial standards with stainless steel benches, separate double sinks for food preparation and washing-up, extra-large double electric ovens, a five-burner gas hob, double refrigerators, hot-water urns, service trolleys, and a commercial dishwasher.
