Painting

Internal wall painting will be done in the Evelyn room and adjacent carpeted space, starting 1 October and expected to take about a week. Access to the church will be restricted for the time painting is going on, which is the second week of the Spring school holidays.

Steam cleaning carpets

If you look down you will see that the carpets were cleaned this week, and looking much better. Thanks to Alan, Colin, David, Jocelyn, Peter, Justin, Stuart, Greg, Sharon, Tom and Steve for moving the pews to and/or fro. Apologies if we have put anything back in the wrong place!

Electronic Giving

We've now stopped passing the bowl around, though if you'd like to keep giving cash you can put it in a box that is under the clock by the back wall. There's also information about giving near the giving boxes. Thanks for keeping up this vital contribution to all the work that God does at St John's.
