JUNE

1st ~ End of year picnic
6th ~ Wed-last day of school
7th ~ Thurs-last day of school

Enrichment

As the school year ends and you get ready for summer fun, we want to thank you for investing in the enrichment program here at Kolbe's Korner. It is your willingness to contribute to this program at the beginning of the school year that allows us to continue to bring your children these amazing monthly events!!! We would love any input that you may have to better our enrichment programs for next year and beyond - (even if you will not be returning next year). We will bring back some of the favorites, but are willing to add and/or change programs, so suggestions ARE welcome!!! Please let Miss Paula know if you have any ideas.

Have a great summer!

Dear Families,

Our school year is almost over and as I look back over the past several months I am full of happy memories of the time we have shared together. Your children give me lots of hugs and it really makes my day!

Many of our little friends will be leaving us..... Our 4 year olds will be going on to TK or Kindergarten. We are proud of them and wish them well; they will always be part of our Kolbe's Korner family and we hope that they will come visit and tell us about their new adventures.

Thank you again to the outgoing Parent Board-your hard work was greatly appreciated by the entire staff. You are leaving us in the capable hands of the newly chosen 2018/2019 Parent Board. We are lucky to have another great group of parents.

I hope to see many families at the end of the year celebration. Many thanks to all the parent board who plan to make the day full of fun and laughter.

Remember that I still have a few treasures in the Lost and found. Please stop by before the end of the year as any unclaimed items will be donated to charity. Best Wishes for a fun-filled summer, Miss Paula

A Big "Thank You" to our Room Parents

Our room parents have provided lots of wonderful assistance with classroom communication, fundraising, and help to your teachers. Thank you all for your hard work and dedication. We couldn't have done it without you!

Angela Nardone

Chelena Rodriguez

Kristen Hayes

A huge thank you to our Room Parent Coordinator, Tania McErlane and Mara Smialek for a fabulous year!!!!

Keeping

Safe

Kids

Kids need constant supervision around water — whether the water is in a bathtub, a wading pool, an ornamental fish pond, a swimming pool, a spa, the beach, or a lake.

Young children are especially vulnerable — they can drown in less than 2 inches (6 centimeters) of water. That means drowning can happen where you'd least expect it — the sink, the toilet bowl, fountains, buckets, inflatable pools, or small bodies of standing water around your home, such as ditches filled with rainwater. Always watch children closely when they're in or near any water.

If you don't already, it's a good idea to learn how to swim, and kids older than 4 years should learn, too (check the local recreation center for classes taught by qualified instructors). Kids who are younger (but older than age 1) also might benefit from swimming lessons, but check with your doctor first.

Don't assume that a child who knows how to swim isn't at risk for drowning. All kids need to be supervised in the water, no matter what their swimming skill levels. And infants, toddlers, and weak swimmers should have an adult swimmer within

HAVE A WONDERFUL SUMMER
