

Murray Greenwood is an experienced Board Certified Pediatrician and honor graduate of Dallas Theological Seminary, dedicated to teaching others to accurately understand and apply the Scriptures.

His wife Sheryl is a Physician Assistant, Certified Childbirth Educator, & experienced Bible study leader. Their three children are Tabitha (age 13), Elizabeth (age 11), and John Michael (age 9).

Murray is using his respected pediatric medical expertise and seminary degree in Bible teaching to communicate Biblical essentials to the people of Ecuador.

We pray God will use them strategically to train up leaders there who will be used by God to reach, teach, and train many others both in Latin America and in difficult-to-reach places around the world.

The Greenwood family is faithfully following God's call to minister to these people, despite the risk involved for themselves.
