A Loving Church, Making a Difference in the World

Letter from the Pastor

Somehow, seemingly impossibly quickly, summer is over. The school year is upon us and the kids are already back in session. Another year older and another year of learning ahead of them. So, too, is Sunday school starting back up. Rally Sunday is fast approaching and we are kicking off the Sunday school year once again. I don't know how it is, because it seems like just yesterday, we were getting ready for summer vacation.

Still, we have arrived at this time, and the year starts again. Not only do our kids begin to learn in school again, but it they are advancing in their life of faith and studying the holy scriptures once more. They embark on a sacred journey to become the future leaders of the church, and men and women of faith, who will make sure this sacred message is carried on to generations well into the future.

I think part of that message is for all the adults, too—to help foster the growth and development of the life of faith of these young people. We are called to not only teach the kids going through Sunday school, but also to help be an example of how God loves and how church works. We need to be the example of why the church continues to be relevant in the modern world and how it should operate going forward, because this is a part of Christian education that isn't taught in Sunday school. Without knowing the how and why of what we do here in the church, it's hard for them to have an idea of how church works.

This provides for a great opportunity for us to learn as well. We have younger people here than the median age. We can get a sense of what is important for them, because they have an insight into church that you and I may not know. They have the knowledge to keep us relevant, and they can show us the needs of the younger generation. So, this call is, really, more of a three-way covenant between God, us, and the children we care for. If we can learn from one another, we can make sure the wisdom and love of God is spread for generations to come.

See you in the pews,
Pastor Jeff

Donations for
The Country Store

Items for the country store are in very limited supply. It is hot, hot, hot outside, so we tend to stay in to beat the heat; why not use this time by putting your talents into making some handmade and/or homemade items to donate to this effort? People LOVE handmade items such as crocheted, knitted, embroidered, or other forms of stitched doilies, afghans, pillowcases, scarves, etc. Other craft projects are also welcome, as are all types of baked goods. These things always sell.

*Thank you in advance for your
time, talents, and generosity.*

CHURCH MEMBERSHIP

*****Anyone who is interested in joining St. Paul's UCC should contact Pastor Jeff or the church office.*****

Recently members of the Cemetery Board have been getting inquiries about repairing monuments on the main Cemetery that have either collapsed or have been damaged.

The Cemetery Board has neither the funds budgeted nor the expertise to do these repairs.

However, we have made inquiries with Washington Monument Company about what kind of options that are available to make corrections to some of the stones.

For \$1,200.00, The Monument Company would send their equipment along with two employees for one day to make repairs. To get the most accomplished, we would also be looking for volunteers from the Church and Community to provide assistance to the Monument Co. Crew. If we do this, it would be done on a weekday, probably this Fall.

Anyone interested is asked to make donations to the Cemetery Board with a notation on your checks for 'Monument Repair'. This donation should not be a substitution of your regular church offering.
