Monthly Lessons:

Themes: Spring – Flowers & Insects

Language Arts: Our nursery rhyme this month is *Rain, Rain Go Away*. Our letters are Yy & Zz. We'll learn to recognize them by sight and sound. We'll start number recognition by the week of the 16th, and we'll cover numbers 1-4.

Science: We'll be planting seeds and talking about what is needed to grow plants (soil, water & sunshine.) We'll also talk about metamorphosis, and the kids will watch it LIVE with our Butterfly House!

Music: We're continuing to practice songs for our Mothers' Tea in May such as *I'm a Little Teapot, The Five Little Flowers* (poem), *Don't Move and Slow Turtles, Fast Rabbits*.

Notes:

We are busy with so many activities as we wrap up the last few months of preschool. Where has our year gone?! Please be sure to check your child's cubby each week so that you won't miss any information about end of the year activities.

Thank you for all who donated new socks and underwear for Lions4Kids, an organization that provides clothes, personal care items and school supplies for kids in our community. What a gift it will be to kids in need. If you still have items to bring in, we'll be collecting them until the end of the month.

Have a great month! - *The Little Sprouts Staff*
