

PRAYING through the NEWS

Do you ever read the newspaper, check out the internet news, or watch the evening news on TV and wonder what the world is coming to? Do not fear! God is still in control. Next time you encounter “the news,” consider praying through what you read or hear.

HERE ARE SOME SUGGESTIONS ON HOW TO PRAY:

- Ask God that people in countries plagued by unrest and instability will find the Prince of Peace and the peace that only He can bring.
- Pray that the Sovereign God of the universe will reign in the events transpiring in each country in the news.
- Ask God to be present, moving, and drawing people to Him in the midst of the events reported.
- Pray that God will give the leaders of the countries in the news wisdom, knowledge, and discernment in their government of the people over whom they exercise authority.
- Ask that God’s name would be hallowed, honored, and glorified in these countries and in these situations.
- Pray that God’s Kingdom would advance because of or even in spite of the events reported in the news.
- Ask that God’s will would be done in these countries for which you are praying.
