INTRODUCTION AND PURPOSE

The purpose of Adult & Teen Challenge program is to reach and train women ages 19 and over who have life-controlling problems. Teen Challenge has a proven track record of unprecedented success for over forty years. This success is due to one thing: the power of Jesus Christ to completely deliver.

In light of that, the one essential for every student entering the program is a willingness to allow the Lord to work in her life through the ministry of the Teen Challenge staff.

The following pages contain guidelines that have been developed in order to maximize the discipleship process. The guidelines are strict. They are not intended to make you miserable—they are designed for your protection and growth. They assist staff personnel in maintaining an orderly environment in which adults can live harmoniously. Without these guidelines, chaos reigns. With them, a structured environment is maintained in which everyone can grow together.

It is important to note that once you are accepted, you enter with the understanding that you plan to complete the entire program, which is a minimum of 12 months in length. If this is what you want, then Teen Challenge is for you!

DISCIPLESHIP STRUCTURE

Induction Phase

This phase lasts approximately five months.

- The first two weeks of the program are the “adjustment period.” During this time, you are not eligible for phone, letter or visiting privileges. However, you may place one five-minute call to immediate family, your pastor, an approved female Christian friend, or legal authorities within your first 24 hours. The adjustment period lasts for four weeks for returning students. Following the adjustment period, you are eligible for phone, letter, and visit privileges as outlined in these guidelines.

Training Phase

This consists of two months of added responsibilities and more intense training.

Re-Entry Phase

This phase is at least five months long. During this phase, you will obtain full-time employment, maintain a personal budget, become involved in a local church, and serve others.

Completion

Successful completion of the residential program is recognized during a Completion Service in which family and friends join us to celebrate your accomplishment!

Graduation

Graduation is held annually in June. To be eligible for graduation, you must:

- Have completed the program at least 12 months prior.
- Maintain a good relationship with a local church.
- Maintain monthly contact with Teen Challenge staff personnel.
- Receive positive evaluations from your Pastor and/or accountability partner.
- Demonstrate ongoing spiritual growth.

Program Timeline			
Phase	Induction	Training	Re-Entry
Length	5 months	2 months	5 months

PROMOTIONS

Our desire is to see your relationship with God grow strong—not just get you through a program. In light of that, the above timeline is a guide, but is not the final basis upon which you will be promoted to the next phase. You'll be evaluated regularly with regard to **commitment, cooperation, sincerity** and **yielding** to the Lord. These evaluations will be used in determining when you are promoted. Remember that Teen Challenge is a minimum of 12 months in length.

GENERAL GUIDELINES

INDUCTION INTO TEEN CHALLENGE

- Letters of acceptance into Teen Challenge are void 30 days after the date of that letter.
- There is a \$20 application fee due with every application submitted.
- You must have a valid driver's license (or state issued photo ID) to enter Teen Challenge.
- You must have a Social Security card, or have applied for one to enter Teen Challenge. If you don't have a card, you must provide proof that it has been applied for.
- You must have a physical exam, which has been completed within one month prior to your entry date. This includes blood work showing HIV and Hepatitis status, proof of Tetanus, and documentation of skin disorders. This is required prior to entering Teen Challenge.
- Before entering Teen Challenge, you must provide one of the following: 1) all test results, or 2) proof that the physical has been completed, and results are being sent to Teen Challenge. Adequate proof consists of a signed doctor's statement submitted on prescription pad or letterhead.
- There is a \$750 entry fee due upon entrance in the Teen Challenge program. This fee is non-refundable regardless of drop-out or dismissal. Checks or money orders payable to Teen Challenge of the Midlands are acceptable forms of payment.
- You must provide proof of having earned a high school diploma or GED. If you have not earned one of these, or cannot provide proof, there is an additional \$100 fee for GED classes.
- Students entering the program will apply for food stamp subsidy while housed at Teen Challenge. Participation is contingent on the student's eligibility with the State. Donors to Teen Challenge help ensure you're not saddled with a monthly fee for our ministry services, and receipt of food stamps and other subsidies is a way to stretch those contributions. Assigned staff will coordinate this when you arrive, and unused food stamp cards will be returned to you when you leave the program.
- Everyone entering the program will undergo a complete search of person and possessions in order to eliminate any forbidden items. We also reserve the right to check your person or possessions or require you to submit to a Urine Analysis at any time.
- Money brought with you will be kept in our safe, under your name. The remaining balance, if any, will be returned when you leave Teen Challenge.
- Teen Challenge conducts an annual fund-raising event in which all students participate. We provide necessary guidelines, training, and resources for this event, and will present more details as the event draws near.

NECESSARY ITEMS

- You will have 30" of hanging space (hangers are provided) and two storage containers for your clothing.
- Dress, casual, and work clothing. Please refer to the Dress Code section for specific clothing items needed as well as those not permitted.
- Do not bring more than you will need! Anything that will not fit in these space will be shipped back at your expense. We do not have storage space for excess clothing and personal items and will not be responsible for items left in the case of termination.
- You will need paper, writing materials, envelopes and stamps. Bibles are provided if you don't have one.
- Basic hygiene products (deodorant, soap, shampoo, etc.) must be able to fit in a storage container provided by Teen Challenge. Extra hygiene products may be stored in the storage container under your bunk as long as it is kept neat and orderly.
- Shower shoes.
- Personal handheld CD players with headphones are permitted, but cannot include a built-in-radio. iPods and mp3 players are not allowed.

FORBIDDEN ITEMS & ACTIONS

Teen Challenge is a Christian discipleship program—it is not a treatment program or rehab facility. We utilize biblical principles to identify and deal with root issues leading to sin. In light of that, anything that might contradict biblical truth is not permitted. This includes personal clothing items, music, pictures and keepsakes, as well as relationships and contact with certain people who might be a detriment to your walk with the Lord.

It's been said, "If you always do what you've always done, you'll always get what you've always gotten." Our intention is not to control your life, but to establish an environment where you can make a break with things that have held you back, and begin to live your new Life in Christ. In light of that, listed below are some of the forbidden items and actions.

The following actions are forbidden:

- Leaving Teen Challenge property unless accompanied by staff.
 - Back-talk or arguing with staff.
 - Physical or verbal abuse of anyone.
 - Possessing, and/or playing secular music.
 - Name-calling.
 - Grumbling or complaining of any kind.
 - Stealing.
 - Touching children of staff, students, or visitors.
 - Abusing or damaging Teen Challenge property.
 - Giving, trading, or buying items for or from staff.
-
- Moving furniture or other items in the building without permission from staff.
 - Relationships with the opposite sex outside of spouse and family.

The following items are forbidden:

- CD's or audio tapes.
- Perfume/Body Spray
- Cell phones.
- Musical instruments.
- Books other than the Bible and/or personal journal.
- Magazines or newspapers.

*If you have any of these items at intake or at any other time during the program they will be confiscated and will not be returned to you.

The following behaviors may result in dismissal:

- Lying or deceit of any kind.
- Assaulting staff or students.
- Encouraging other students to drop out.
- Talking to other students about suicide or attempting suicide.
- Leaving the property unless accompanied by staff.

FEES

Students will need money on account for travel, education and miscellaneous expenses. Fees are handled differently than contributions. Contributions are optional gifts given to Teen Challenge to be used for general operations or specific capital projects. Contributions are not committed to the care of a particular student or his needs, therefore, the donor will receive a tax-deductible receipt for their gift.

Fees are specific, required expenses which are applied toward a particular student's needs. Because fees are involuntary, payees are not eligible for tax-deductible receipts for payment.

TRANSPORTATION

When you need Teen Challenge to provide transportation to personal appointments, money will be withdrawn from your account.

- The mileage rate is based on the current year IRS reimbursement figure.
- Charges are per-student, regardless of how many are transported at one time.
- Mileage is based on MapQuest routes from 25478 S 23rd Rd. in Beatrice; drivers may or may not drive that route.
- Miles are rounded up or down.
- Signatures on your account register will document the withdrawal date, amount, and reason for the transaction.
- The driver will complete a carbon receipt following each trip. A copy will be provided to you for your records.
- If family or others handle transportation, you may be subject to drug, alcohol and nicotine testing upon return. There will be a \$10 charge for this testing.

EDUCATION

- If you participate in one of our work-study programs, there may be a curriculum fee, which varies by class.
- There is a \$120 fee for GED classes. Please see the section titled "Education".

MISC. FEES

- You will be responsible for payment of damage to Teen Challenge property or property owned by others.

HEALTH, HYGIENE & APPEARANCE

HEALTHCARE PRECAUTIONS

- Students with coughs and colds are not permitted in the kitchen.
- You are required to wear rubber gloves when cleaning bathrooms. Food Service gloves are required when working in the kitchen.
- You are required to shower daily. Showers may be taken only at pre-arranged shower times. Teen Challenge provides a laundered towel for each shower you take.
- You may not walk around in bare feet at any time.
- Teen Challenge provides a new pillow for you upon program entry.
- Each bunk is fitted with linens. The liner is disinfected once the bunk has been vacated, and sheets, pads and bedspreads are laundered weekly.
- You also have a laundry basket assigned to you. This is disinfected weekly at your scheduled laundry time.
- You are not to use other students' personal hygiene products including soap, deodorant, hair products, combs, razors, tweezers, etc.
- Staff personnel have access to phone numbers to summon medical aid and treatment in the case of a serious emergency.
- You will be given the opportunity to enroll in a major medical health care policy upon program entry. This is to offset the costs of medical expenses should you be injured or become seriously ill during the lifetime of the policy. You may accept or decline this coverage, in writing. You will be responsible for all policy premiums if you choose to accept this coverage.

HIV+ POLICY (and other blood borne diseases)

Teen Challenge does not discriminate against those who are HIV positive in our admissions procedures. Because a large number of intravenous drug users have been infected by the HIV virus and other disorders, at any given time there may be one or more students enrolled that are HIV positive, or infected with other diseases. This center does not require students who are HIV positive to notify other students of their HIV status.

Teen Challenge is not a medical care facility and is unable to provide medical supervision. Therefore all students desiring entrance into Teen Challenge must be in good health and able to participate in all activities. If your health

deteriorates to the point where you are no longer able to participate in the daily activities or your medical condition requires supervision, you will withdraw yourself from Teen Challenge.

All students will be required to pay for any medical services at the time of treatment.

SICKNESS, DENTAL & MEDICAL CARE

- It is your responsibility to notify staff personnel when you are sick.
- Scripture teaches that it is the responsibility of the sick to call for prayer by spiritual leaders. If you're not feeling well, please ask staff personnel to pray for you.
- It is the responsibility of staff personnel to determine appropriate treatment by:
 - Taking your temperature.
 - Making a visual examination for credible signs of illness.
 - Consulting a physician if necessary.
- Many times the Lord heals right away, and other times He uses physicians and other healthcare professionals. If you need a doctor, see the Dean of Student Affairs. She will arrange all healthcare appointments for you—you are not to schedule these on your own.
- If you have pre-arranged appointments prior to entering Teen Challenge, tell the Intake Coordinator, so we can make appropriate arrangements.
- Unless you're extremely sick, for example, vomiting or severe diarrhea, you will be expected to be showered and dressed every day. If you are still too sick to take part in the day's activities, you may return to bed with prior approval from staff personnel on duty.
- When you are sick, you will remain in your room all day, except to use the restroom. Meals (consisting of broth and crackers) will be brought to you.
- You are not to visit with other students.
- You may not lay hands on other students or staff personnel unless you have permission from them.
- Notify staff personnel immediately in the case of discharge (vomiting, bloody nose, bleeding cuts, etc.).

Our primary objective is to help people grow spiritually, which means we often minister to physical needs. However, in the process of ministering to hurting people, we don't want to leave health-care providers holding the bill. To accomplish both objectives, we observe the following guidelines:

Before medical care is needed

- As part of the interview process, applicants are advised to have a verifiable means of payment in the event medical or dental care is necessary. Absence of these means does not necessarily equal non-acceptance into the program, but brings awareness to a possible problem if care is needed.
- Applicants may be covered under a health-care plan carried by their parents, spouse, employer, or other persons. Information related to this should be copied and noted in the student file.
- Applicants are offered the option of enrolling in an individual health care plan as part of the post-admissions process.
- Once in the program, advisors should question advisees as to how they might pay for care if necessary.

Emergencies

- In emergencies, call 911.
- Document everything pertaining to emergencies including date, time, and location of the emergency, witnesses, actions taken immediately following the emergency, etc.
- First-aid kits are located in all multiple-passenger vehicles. They're also in various locations throughout the building. In addition, staff on-duty has access to basic first-aid supplies.

Non-Emergencies

- We utilize free health-care providers where possible.
- If a free provider is not an option, and the student is covered by a health-care plan, Program Staff will set up an appointment.
- Appointments will be scheduled by Program Staff outside of chapel and classroom time.
- Students are not allowed to schedule their own appointments or follow-ups.
- We will not schedule medical appointments if the student does not have a verifiable means of payment.
- Teen Challenge staff are to transport students to medical appointments and sit with them during the appointment.
- To verify results the diagnosis and plan of treatment, staff is to have personal contact with the physician or healthcare provider during or immediately following the appointment (prior to leaving the clinic).

- Staff should receive paperwork from the provider following the appointment (diagnosis, prognosis, prescriptions, and other papers).
- If sample medications are provided, they need to be accompanied by the physician's signed and dated prescription on a prescription pad or letterhead.
- If a prescription is advised, it must be written on the physician's prescription pad.
- If the prescription is to be filled, advisors will accompany the student into the pharmacy for verification purposes.
- The filled prescription will be given to the advisor, who will get it entered into the med cabinet, and make sure appropriate paperwork is completed.
- Refer to the Health, Hygiene, and Appearance section of the Student Guidelines for more information.

MEDICATIONS

- When you need medication, you are responsible for asking staff personnel on duty at med-call.
- A detailed log of medications taken while enrolled in Teen Challenge will be kept for each student.
- Staff personnel will have a current list of students requiring prescription medications in the medication room.
- Med-call is conducted at breakfast, lunch, dinner, and bedtime. Special consideration will be made for prescription medications that must be taken at other times.
- Medications (prescription and over-the-counter) are to be taken according to label directions only. No extended use of over-the-counter medication that conflicts with the directions on the bottle will be allowed without first seeing a physician, and receiving signed doctor's orders on prescription pad or letterhead.
- You are required to take and complete all prescriptions unless released by a medical doctor. This written release must be submitted to Teen Challenge, and will be kept in your file.
- All medications (prescription and over-the-counter) must be in their original containers with label directions and prescription information legible.
- Non-prescription creams and ointments may be stored in your hygiene bin on the dorm floor only.
- Medication samples must include signed doctor's orders on prescription pad or letterhead.
- Multiple medications must be stored in separate containers.
- Multi-vitamins, antacids, decongestants, etc. will be locked in the medication room and dispensed by staff personnel.
- You will not be allowed to take non-prescribed medication without approval from one of the Ministry Partners.
- You may not take energy producing or muscle enhancing products without a doctor's prescription.
- All oral medications are to be taken at med call, in the presence of a staff member.
 - If the medication requires water, bring it with you to med-call.
- Narcotic pain relievers are NOT permitted. See attached Prohibited Medications
- Inhalers and external medication may be kept by the student with approval of staff personnel.
- Medications prescribed for one student will not be administered to another student or employee.

RELATIONSHIPS & COMMUNICATIONS

DIVORCED OR COMMON LAW MARRIAGE

- While at Teen Challenge, you may communicate with your legal spouse only.

See one of the Program Staff if this is necessary.

- Teen Challenge of the Midlands does not recognize common law marriages. Communication in these instances is not allowed.
- You may not have contact with boyfriends or fiancés.
- If you have children with a partner or former spouse, you may see your children during pre-arranged visits without the other parent present.

STUDENTS' CHILDREN VISITING

It is your responsibility to supervise your children while they are visiting. Teen Challenge staff personnel and students are not available for childcare.

CO-ED RELATIONS

Men are not the enemy. That may seem obvious, but it needs to be said in light of our guidelines concerning co-ed relations. The intention here is to help you “guard your heart” as the Bible says. The problem is not the opposite sex. The Bible makes it clear that the problem is our heart. While God works on your heart, here are some guidelines to help you as you grow:

- Conversations with men other than immediate family are to be kept to a minimum. A simple greeting as you pass by is sufficient.
- If someone tries to communicate with you outside of this guideline, don't be rude—politely withdraw yourself from the situation.
- Wisdom dictates that you not be in the same room with men other than immediate family without staff personnel present.
- In group activity, keep the conversation relevant to the activity of that group.
- At mealtime, make sure you're not seated at a table alone and interact with everyone at the table.
- If you are struggling with an attraction, discuss it with a Program Staff or a mentor.

WORK THERAPY

GENERAL GUIDELINES

Work Therapy is a significant portion of the discipleship process. Work Therapy is a series of short-term, supervised work assignments students perform during their time at Teen Challenge. During the course of this Program, Teen Challenge staff members interact with students in the process of reforming and maturing their character, overcoming sinful addictive patterns of behavior, and adopting a productive livelihood. The benefits derived by students are not compensation and in-kind benefits, but (1) awareness of sin and the need for regeneration, repentance, forgiveness, recovery, (2) freedom from reliance on controlled substances, (3) learning the value of and respect for authority, (4) developing habit patterns of regular schedule, work responsibility, and performance accountability which are foundational to being a productive and responsible citizen.

Although work assignments may provide Teen Challenge with some offsetting revenue, any contributions or other

funds received are used to help cover the cost of staffing, operating the Work Therapy Program, and delivering other rehabilitating services to students.

Typical work detail includes tasks such as building maintenance, volunteering in the community, yard work, food service and housekeeping.

- Return tools, cleaning supplies and utensils to their proper place and clean up your work area when finished.
- See your crew leader when you finish an assigned task.
- When working off-site, students are representatives of Teen Challenge and are to be respectful of rules & guidelines set out by those we are serving.
- Leaving an off-campus jobsite will result in immediate termination from Teen Challenge.

EDUCATION

GED

If you have not received a high school diploma or GED prior to entry in Teen Challenge, you will be required to obtain a GED through weekly classes, homework assignments, and tests. There is a \$100 fee for GED classes.

ADULT LITERACY

The Adult Literacy program begins with a diagnostic test you will take upon entering the program. You will receive remedial help with reading and writing as needed.

PSNC

Teen Challenge offers individual courses of study tailored to help you grow spiritually. These consist of a mixture of resources – videos, audio recordings, books, scripture aids, etc.

LECTURE CLASSES

Teen Challenge provides tracks of lecture classes for students. One track is geared toward Induction Phase students while the other is geared toward Training Phase. Students are responsible to attend lecture classes as assigned, take notes, and complete corresponding tests. In the event that a lecture is missed due to illness, pass, or other circumstance, meet with your teacher to determine the best way to make up the class. These may be used under the following conditions:

- Students are to attend each lecture as it's presented – live interaction with others is better than a recording.
- In case of a flunked test, you must retake the class next time it's offered.
- Make arrangements for make-up tests with the Education Coordinator.

GUIDANCE & ADVICE

If you have a problem, see one of the Program Staff who will arrange for you to see a mentor. If it's urgent, see staff on duty.

DISCIPLINE

Please remember the rules are here for your benefit. When you break these rules, problem areas in your life are brought to the surface. In order to grow from these incidents, discipline will be given when necessary. Remember that discipline is not punishment to make you miserable, but is a means by which you can overcome problem areas and grow in your Christian life. Various means of discipline may be employed in the hopes of bringing growth. These include loss of privileges, written assignments, extra work, probation, etc.

DEALING WITH CONFLICT

When there are problems with others, read and apply (in this order) Matthew 7:1-5 and Matthew 18:15-17.
