

50,000,000 MISSING CHILDREN

Since abortion was legalized in the United States in 1973, nearly 50,000,000 children have been lost. And the abortion industry is not finished. Over the next week, 23,196 babies will be aborted across our nation. Nearly 2,000 children will be lost to abortion in West Virginia over the next 12 months.

Every innocent human life is worthy of protection. The greatest natural resource our nation has is its precious children. Human lives created in God's image. Yet the abortion industry still profits by stealing one out of every four babies conceived in the United States leaving empty playgrounds, empty mothers' hearts, and broken families in its wake.

Would you partner with us on this Sanctity of Human Life Sunday to pray for the many lives ravaged by the abortion industry? May the Body of Christ join together to empower every family to remove the crisis – not the life – from every pregnancy!

*Your eyes saw my unformed body; all the days ordained for me
were written in your book before one of them came to be.
Psalm 139:16*

Dear Friends,

Because the life of every West Virginian, whether born or unborn, ought to be highly valued and fully protected we work to educate church members and politicians about the importance of protecting innocent human life from the grips of the abortion industry.

The Family Policy Council of West Virginia is a servant organization that advocates for policies that embrace the Sanctity of Human Life, enrich marriages and safeguard religious freedom. We are passionate about advancing, defending, and equipping West Virginia's families.

Yet, we cannot do it alone. Stopping the abortion industry requires effort from all of us. Partner with us to ignite a cultural transformation in which we can together boldly stand for the truth of the Gospel. We are very grateful for your prayers and gifts which reflect the heart of our Lord.

In faithful partnership,

Jeremy Dys, President
