CERTIFICATE PROGRAM

Our Certificate Program packages courses into specialized areas of ministry. This enables students and/or schools to focus their studies, thereby receiving specialized training and equipping for practical ministry. Certificates of Ministry are earned by successfully completing the five courses listed within each particular area of study.

1. Each individual who is not already an active student at a CLEN school, or who has not taken a course during the last 12 months, must submit a CLEN Registration Form along with the appropriate registration fee.
2. Students may take as many certificate tracks during their course of study as desired to equip themselves with specialized training for practical ministry. Courses do not have to be completed in the order listed.
3. Courses taken toward the completion of a certificate will also apply toward earning a degree. This means that Certificates can be stacked in order to qualify students for the award of a degree. For beginning students, successful completion of their second certificate will also qualify them to apply for the first year Diploma of Theology. Successful completion of two more certificates (a total of four) would qualify the same beginning students to apply for the Associate of Theology Degree.
4. For selected courses in the Certificate Program to qualify toward the appropriate certificate, each student must attend all classes, hear all lectures, read the textbook, and successfully complete the examination. He or she must receive a passing grade on each course and maintain a grade point average (GPA) of 2.0 or higher. While some courses may be listed in multiple certificate tracks, **no individual course may be used for credit toward more than two different certificates.**
5. Upon completion of the five courses in a certificate program, a Certificate Application Form must be submitted for each student who has completed the required courses. Please follow the instructions provided on the form. Submit one form for each certificate/degree requested to your Dean or CLEN Registrar as appropriate.
6. You may be awarded your certificate by your pastor during a special recognition service, church commencement service, or you can participate in the commencement ceremony at the CLEN annual conference.
