

FOR IMMEDIATE RELEASE:

Hope Pregnancy Center Purchases Closed Planned Parenthood Abortion Facility

Bryan, Texas – November 11, 2014 - Across Texas abortion facilities have closed. But in Bryan, Texas, Hope Pregnancy Centers of Brazos Valley has purchased a former abortion facility to be reopened for life affirming services.

The 6,000 square foot facility located at 4112 East 29th Street in Bryan will house Hope Pregnancy Center, Brazos Medical Associates with Drs. Noreen Johnson and Haywood Robinson and EZ Lab BCS. In addition to the medical tenants, 40 Days for Life will maintain office space. This unique partnership has been created to deliver quality sexually transmitted disease (STD) testing and treatment services to the local community and students from Texas A&M University and Blinn College. An STD clinic will expand Hope's impact on sexually active men and women before they face a crisis pregnancy and start down a road of difficult choices. Hope Pregnancy Centers of Brazos Valley will maintain their Brentwood Drive location in College Station, which offers free pregnancy tests, peer counseling, ultrasounds, parenting education and material assistance.

Hope Pregnancy Center is funded through individuals, local businesses and churches. Hope receives no federal/ state funding or reimbursements.

As we celebrate the conversion of this abortion facility to life affirming services we ask you to donate to Hope Pregnancy Center for the startup and remodeling costs, and to retire a small amount of short term debt. Hope plans are to open the new STD clinic prior to the start of the 2015 spring semester.
