

# KINGS KIDS

## Creative Arts Camp

Utilizing  
the arts  
to teach  
life-changing  
biblical truths.

### WHAT EXACTLY IS THIS CAMP?

Each year, we hold a creative arts camp for children entering grades 1 – 6. This one week day camp is designed to give children a chance to experience various forms of art, such as singing, dancing, acting, drawing, painting, etc. Children from our church, other churches, and the neighborhood come together for an incredible week. We believe that God created the arts and wants us to use them to teach this next generation. Our

hope is that the children will learn to use the arts for God's intended purpose, to worship Him and to positively impact the world around them. At the end of the week, not only have the children been taught valuable truths that they can apply to their own lives, they also present a Biblically-based musical for parents and friends. It is amazing to see how much they can learn in only one week!

*“ There is truly no better way to spend a week over the summer creating friendships, memories and a love for the Lord that will last a lifetime.”*
