

WHO ARE THESE PEOPLE?

We're Denny and Maureen Hurst and we've been missionaries in Southern Europe for the past 32 years, partnering with local churches and ministries throughout the region to share the hope of Jesus through music and the arts. Our vision is to see young people in Portugal, Spain, France and Italy transformed through the Gospel. We love mentoring, encouraging and supporting young adults and artists around the world to use their gifts to share Christ with those who might never step into a church.

We serve with Steiger International, whose mission is to reach and disciple today's youth culture for Jesus (www.steiger.org). We're involved in Steiger's missions school, mentoring and pastoral care, encouraging partnerships with local churches, and helping to establish Steiger teams across Southern Europe, to be a life-changing presence for Jesus in this region. We're also the Directors of Artist Relations and Development with Come&Live! (www.comeandlive.com), a Steiger ministry whose vision is to provoke and inspire artists to use their gifts to proclaim the revolutionary message of the Gospel outside the church.

We're incredibly honored to be serving God in Europe over all these years, and feel privileged to help raise up the next generation of Jesus-loving world changers!

WHAT DO THEY NEED?

In 2010, we bought a 1988 Fiat Ducato motorhome, which we not only sleep in when we're at our home base in Portugal, but have used to travel from one end of Europe to the other on five different occasions, along with taking countless trips around Portugal and Spain. In 2018, we will be stepping up our travel and are sorely in need of a newer, more dependable and more practical home. What we're needing will cost about 40,000 euros (\$47,000), and this is what we're seeking to raise, trusting that the God who has called us to this crazy, wonderful lifestyle will also provide the means to continue living it!

WHY DO THEY TRAVEL LIKE THIS?

As we are increasingly involved in building relationships, encouraging, mentoring, networking with, and training young people, churches and ministries in Portugal and across Southern Europe, we need to be able to travel more readily and practically. Having recently become Portuguese citizens, we are now able to legally reside anywhere in the European Union, and we're willing to go wherever God leads us, to help encourage and establish Steiger's work in our region.

While the initial expense of purchasing this motorhome is great, the freedom of mobility and reduction in expenses for travel, housing and food that will result make it an extremely practical and sustainable choice for us. It enables us to carry all that we need, along with our own office space, "on our backs" so to speak, while connecting personally with those we are partnering with to see Jesus preached and disciples made across Southern Europe.
