

Our Preschool Experience

SonShiners Preschool uses a *Christian, Age-Appropriate, Academic Curriculum*. Using theme based lesson planning, we incorporate a variety of learning opportunities. Bible stories and scripture, preschool-level academic concepts, character-building activities, and kindergarten readiness are just a few of the concepts that students learn at SonShiners Preschool. Classes are planned with students of various developmental levels in mind so students have the opportunity to experience success and to continue to grow and learn as they are ready. The preschool day includes large and small group activities, independent, child-directed learning centers, and exploration. All of our classes also use the Letterland Phonics curriculum.

Preschoolers Learn:

- Through relationships – with parents, teachers and other children
- Through the senses – touching, tasting, hearing, seeing and smelling
- Through repetition – practicing new skills over and over
- Through satisfaction – as they experience success
- Through play – the work of the child!

We will not hide these truths from our children, telling the next generation about the glorious deeds of the LORD, about his power and his mighty wonders.
Psalm 78:4

Our Mission

Our mission is to love and accept all children and to teach them about Jesus, which will assist in laying a foundation where they may come to know Christ as their Lord and Savior. Our desire is to support the home and extend the ministry of the church by providing a biblically-based, age-appropriate education for preschoolers. SonShiners Preschool seeks to glorify God by providing a program for preschoolers to foster social, emotional, intellectual, physical, and spiritual growth. The goals of our program are to enable children to:

1. Grow in awareness that God loves them and that Jesus plays a special role in their lives.
2. Grow in understanding and love for themselves, their families and others in their world.
3. Grow in the ability to think, solve problems, and develop language skills.
4. Grow in the area of basic skills needed in preparation for elementary school.
5. Enjoy creative expression in music, art, and play.
