

Christmas Hope Outreach 2012

The Christmas season is extremely difficult for children who have an incarcerated father. Each year, The RIDGE Project collects and shares gift packages with these families, providing joy to the family and giving them just a small resemblance of “normalcy” in their lives.

This outreach is successful ONLY through the generosity of individuals seeking to make a difference in others’ lives. When you encourage a family in this way, you not only give a gift...you give the gift of HOPE!

Please consider being a part of Christmas Hope Outreach for the children and families of the incarcerated this holiday season.

Please view the complete flyer [here](#) and let us know how you can partner with us.
