

January 17, 2013 - Sharing at Local Rotary

Ron and Cathy Tijerina had the opportunity to share their story at the local Rotary Club in Archbold, Ohio this past week ([see here](#)). They were able to describe how their experiences not only strengthened their personal relationship but also allowed them to reach out and serve countless thousands of men and their families.

They would be thrilled to have the chance to speak at other local groups. If you would like to have Ron and Cathy come and speak to your organization, please contact our office at 419-278-0092.
