

# THE BIRDS AND THE BEEES

Few subjects stir up more confusion and controversy in our culture than sex, singleness, and marriage. In our teaching series this spring at Salt Company, we want to take the time to open God's Word and allow God's good "blueprint" to reshape our thinking in these areas. Ultimately, we believe that as the Gospel shapes the way we approach sex, singleness, and marriage, God will use our transformed lives as "salt and light" in a confused world.
