

**“HEAVENLY DAZE” SERIES**  
**Authors: Lori Copeland and Angela Hunt**

*I really liked this series of five books. I got a warm fuzzy feeling at the end of each book. Annie was my favorite character and I kept hoping she would find the right guy before the series ended. “Hearts at Home” was my favorite book, but all the other books built up to make it the best.*

**Grace In Autumn, Heavenly Daze Series #2**

By Lori Copeland and Angela Hunt

A leaky roof and puffin paintings, letters to angels and the world-wide web, strange things are afoot in Heavenly Daze, Maine!

It's November, and as the residents of Heavenly Daze are preparing for winter, sacks of undeliverable mail pour in to postmistress Beatrice Coughlin. The requests are different, but the salutation is the same: "Dear Angel..." Perplexed, Bea and her sister, Birdie, consider answering them under the moniker "angel assistants." But where will they get the funds to help these folks? When news of the letters spreads, the townspeople are divided over what to do. Will there be enough resources for their own needs and to share with others? And will the media attention turn their quaint island into a circus, or worse—Las Vegas?

As Thanksgiving approaches, will the bickering islanders make peace long enough to break bread? And will they finally see God's hand of provision for their needs? They will if the real angels who watch over Heavenly Daze have their way.

By Lori Copeland and Angela Hunt

A secret arrival and a clandestine submission, battles over babies and pink ruffles, the new year brings challenges aplenty for the angels on the *Island of Heavenly Daze*.

They'd be perfectly happy if Barbara and her husband, Russell, lived with them forever, but Russell's been dropping hints about finding a place of their own and Barbara's talking about starting a family. Buddy Franklin knows he's the town misfit. He has always marched to the beat of a different drummer, but how can he help being who he is? Yet his lonely days are about to change: he has sent for a companion-- a warm, cuddly creature to occupy his thoughts and listen to the poetry that rises out of him like bubbles from an Alka Seltzer . . .

As the new year begins on Heavenly Daze, will Buddy find lasting happiness with his new friend? Will Barbara have a baby? Will Birdie and Salt solidify their plans for marriage? The month of January holds no rest for the angels who guard the homes of Heavenly Daze!

Olympia dies suddenly, leaving her daughter, Annie, the beloved old house, which she can't afford to keep and maintain on her professor's salary. Leaving it would be cutting herself off from Heavenly Daze, and she can't bring herself to do that, although A.J. is urging her to move to New York to be near him. Plus, Caleb tells her he's being "transferred" at the end of the month! Annie has to learn how to find God's will . . . and open herself up to a new love that's been under her nose the entire time.
