

Mrs. Elvidge's January 2021 Newsletter

Happy 2021! May this year bring you good health, happiness and prosperity!

I would like to thank all of you for promoting the importance of simple acts of kindness throughout the month of December. We hope you will continue to see acts of kindness and thoughtfulness by your child throughout this new year.

Please make certain your child has a seasonally appropriate change of clothes at school at all times. Thank you!

The beginning of this month I will focus on evaluating the children in a variety of areas. I will be conducting Parent/Teacher conferences on Tuesday, January 19th. This year's conferences will be held via telephone. It is at your child's conference that we will discuss your child's progress and plans for schooling for next year. Details will be sent via email on how to sign up for a conference time.

It is such fun to work with your children. It is thrilling to watch the children develop an understanding of new letters and skills. Please continue to review our letter of the week with your child at home and review all letters we have learned so far this school year. The letters we have learned so far this year are: Ff, Ee, Dd, Pp, Bb, Rr, Nn, Mm, Hh, Kk, Ll and Uu. I will focus on the letters Vv, Ww and Yy in January. It truly helps to reinforce at home the skills I am teaching in the classroom. Your child thanks you for all of your extra efforts!!

2021

Praying for a good year!
