

Trinity Presbyterian Church Support Fund Requests

The Support Fund Team is seeking ideas and recommendations for appropriate uses of the Support Funds that would benefit the financially vulnerable. We are looking for opportunities where money can change the trajectory of a life. We anticipate gifts in the range of \$500 to \$5,000. Please share your ideas with us.

Support Fund

The Support Fund comes primarily from designated gifts and from income generated by the Endowment Fund. The Support Fund is to be used for “mission and outreach undertakings, capital projects and improvements, and support for seminarians, with first priority being given to mission and outreach, especially those undertakings that benefit the poor.”

Endowment Fund

The Endowment Fund comes primarily from bequests and other special gifts received from members and friends of Trinity. The Endowment Fund is invested and allowed to grow and produce income. Only the income from the Endowment Fund is spent.

Appropriate Uses for Support Funds:

- A one-time gift (not ongoing support) that resolves an issue which is a barrier to success.
- Specific project funding for an organization that opens up opportunities for vulnerable populations.
- Educational support for individuals (either local or international) who would not otherwise have opportunities.
- Seminary support for those requiring financial assistance.

Inappropriate Uses for Support Funds:

- Emergency funds for people in crisis.
- Ongoing budget support for organizations.
- Assisting individuals who have other available resources.
