## Russell's Ritings....

To many “discipline” is a dirty word! It conjures up pictures of punishment – like standing in the corner, being sent to our room, and being forced to do things we do not want to do. Self – discipline is just as bad – controlling our impulses or denying ourselves things we really want.

But we need discipline! We need it to force us to do what must be done, to accomplish worthwhile goals, to be what we want to be. We need discipline to avoid being lazy and floating through life.

We need to pray God to forgive us our undisciplined lives and teach us to set goals in our daily living so we can achieve our potential. This will enable us to be worthy of our calling for the sake of His Kingdom!

The last in the sermon series on “Things We Need” is **DISCIPLINE!** The text is Luke 4: 1 – 13. I hope to see you Sunday!
