

**Engaging with Islam
Conference
with Jay Smith**

Want to minister to the Muslims in your community? Want to understand what is happening in the Middle East? Want to understand the differences between Jesus and Allah or the Bible and the Qur'an? Do you want to know the impact of Islam on the world around you? With more Muslims emigrating to the US and the conflicts in the Middle East, many teens, pastors,

congregations, and communities are unsure of Islamic ideologies and their effect within Christian communities. The Engaging with Islam Conference will clarify the effects of Islam, show the Christian stance, and demonstrate how to effectively minister to Muslims.

The conference will begin on Friday evening with the topic "The Need for Apologetics and Polemics." Each session during the conference will be followed by a question and answer segment. Muslims are welcome to attend and ask questions. (For schedule, log-on to www.ubic-church.org/#/engaging-with-islam, or visit Facebook and search for "Engaging with Islam.")
