

## The Academy 2015-2016 GRAMMAR BOOK LISTS

**Please note:** All prices listed are only estimates for new books. These prices are subject to change, and parents may be able to purchase used books for less. Parents are solely responsible for finding and purchasing all booklist items with the exception of the copy fees, packet fees, a few indicated books, and science fees which are purchased directly from The Academy. These associated fees will be charged to your FACTS account in August or September.

Again, ALL students pay for consumables (indicated in blue). These fees will be paid to the school and billed thru FACTS. Traditional students' books are purchased by the school and Blended students are required to purchase their own books.

If you choose to buy your books through another outlet, please be sure to order the **specific ISBN numbers listed** to ensure that you are **buying the correct editions of the books required for your student.**

Any time you see **C**, this means it is a consumable resource. **Please do not purchase used.**

Any time you see **(\*\*\*)**, this means it is a new addition to our booklist and a change has been made. Please pay close attention.

Any time you see **<OPT>**, this means it is a highly recommended but optional resource.
