Mission Statement

The Virginia Sexual and Domestic Violence Action Alliance is a diverse group of individuals and organizations that believe that ALL people have the right to a life free of violence.

We recognize that sexual and domestic violence are linked to other forms of oppression, which disproportionately affect women, children and other marginalized people, harming individuals, families and societies as a whole.

We will use our diverse and collective voice to create a Virginia free from sexual and domestic violence—inspiring others to join and support values of equality, respect and shared power.

Guiding Principles

The following principles were created to guide our transformation into one organization, and our progression thereafter:

As The Alliance conducts its work, it is essential that survivors, the interests of survivors, and those impacted by sexual assault and domestic violence are at the forefront of all decision-making.

Recognizing that local agencies have been the foundation of coalition work by connecting communities and survivors to statewide advocacy, we are committed to an Alliance in which Sexual Assault Crisis Centers and Domestic Violence Programs continue to be the driving force of The Alliance.

Recognizing the historical inequities between resources allocated to address sexual assault and domestic violence, we seek to create a change that includes an Alliance that equitably addresses the elimination of both sexual and domestic violence.

Recognizing that sexual and domestic violence affects all Virginians, we seek to create an Alliance where those who have been traditionally oppressed in society and/or marginalized in anti-violence work have the opportunity to be full and active participants in The Alliance. The Alliance recognizes that representation of traditionally oppressed groups is only a beginning. Intentional diversity also involves an analysis of oppression and a commitment to challenging and changing the disempowering influences of dominant culture. Everyone must share responsibility for ensuring that ALL voices are heard and valued.

Virginia Sexual and Domestic Violence
ACTIONALLIANCE

Welcome to the 2011 Directory of Accredited Sexual & Domestic Violence Agencies and Advocacy Member Agencies in Virginia. We hope that this directory will help local Sexual & Domestic Violence Agencies connect with other programs doing this important work across the Commonwealth.

This Directory includes:

- Sexual & Domestic Violence Agencies in Virginia that have been Accredited through a peer review process by the Virginia Sexual & Domestic Violence Action Alliance. An explanation of what it means to be an Accredited Agency is included later in this document.
- Current members of the Action Alliance that fall under the membership category *Sexual and Domestic Violence Advocacy Member*. This category includes private non-profit agencies and units of local government, colleges and universities, and military installations whose primary function (at least 75% of activities) is services to victims of sexual/domestic violence and/or community-based prevention of sexual/domestic violence.

Please note that there are other groups in Virginia who offer services to survivors of sexual and/or domestic violence in their communities that may not be included in this Directory, either because they are not currently Accredited by the Action Alliance or because they are not current members of the Action Alliance. If you have questions about additional agencies in Virginia providing services for sexual and domestic violence, please feel free to contact the 24-hour Virginia Family Violence & Sexual Assault Hotline at 1-800-838-8238 (v/tty).

If you have questions about this Directory or would like to update your Directory listing, please feel free to contact us at (804) 377-0335 or info@vsdvalliance.org. If you would like to know more about how to join the Action Alliance as a member, please feel free to visit our website at www.vsdvalliance.org or contact us at the office.

The Virginia Sexual and Domestic Violence Action Alliance is a statewide, non-profit agency dedicated to raising awareness about sexual and domestic violence, increasing public access to resources and services, offering opportunities for professional development and initiating legislative and policy change that will bring Virginia closer to our vision: a world where relationships between people are respectful, healthy and safe.

Accredited Sexual Assault Crisis Centers & Domestic Violence Programs in Virginia

Directory Key:

Residential Shelter on site.

Emergency Accompaniment

Program Types Defined

Sexual Assault Crisis Center

A Sexual Assault Crisis Center is a public or private non-profit organization whose mission and purpose is to address the issue of sexual violence within its community and respond to the needs of all people in that community who have experienced and/or been impacted by sexual violence.

Domestic Violence Program

Domestic Violence Programs provide a wide array of services with the intention of responding effectively to the needs of persons who experience domestic violence and ultimately reducing the incidence of domestic violence in their communities. In keeping with those goals, Domestic Violence Programs shall establish policies and practices in the delivery of services that do not perpetuate the dynamics of power and control found in abusive relationships.

A Domestic Violence Program is a public or private non-profit organization whose mission and purpose is to address the issue of domestic violence within its community and respond to the needs of all people in that community who have experienced and/or been impacted by domestic violence.

Sexual & Domestic Violence Agency

A Sexual & Domestic Violence Agency meets the definition of both a Domestic Violence Program and a Sexual Assault Crisis Center within the same organization. The majority of Sexual and Domestic Violence Agencies are Accredited Agencies.

WHAT DOES “ACCREDITED” MEAN?

Accredited Sexual & Domestic Violence Agencies offer peer reviewed comprehensive services to address and prevent sexual and/or domestic violence in their communities. Services that have been reviewed and determined to meet established standards include:

24-Hour crisis intervention hotlines - for victims, family members, friends and professionals.

Individual Support Services – may be peer-to-peer support or therapy.

Support groups – topics of groups vary by program; can include groups for victims, survivors; friends and family of survivors; groups for teens or children, etc.

Legal advocacy – court accompaniment, explanation of legal options, referrals to attorneys.

Emergency Companion Services – accompaniment to an emergency medical facility or law enforcement agency location.

Information and Referrals – to additional community resources, including social services, mental health, health, housing, and other resources.

Emergency Transportation – available on emergency basis if victim needs to get to shelter; available on more limited basis for victims to get to appointments and meetings.

Crisis Intervention - time-sensitive assessment of and response to immediate needs for persons experiencing sexual and/or domestic violence.

Children Services – varies by program; counseling, support groups and playgroups may be available; teen programs in schools available in some programs.

Emergency Housing Services – available through all domestic violence programs, although a few programs do not have their own shelters and may use safe houses, other programs, or hotels to provide shelter; in some cases shelter can be provided to sexual assault victims.

Community Coordination and Systems Advocacy -- to enhance the community's response to sexual and domestic violence .

Safety Planning – an assessment of immediate physical and emotional safety needs with persons who have experienced sexual and/or domestic violence, including children and others directly affected by the violence and help in developing individualized safety plans.

Community Education – trainings, workshops, public service announcements, “freebies” (pens, emery boards, balloons, stickers, etc.), brochures, displays at conferences, and other methods to educate the community about the scope and impact of sexual and domestic violence, as well as how to help.

Outreach and Access for Underserved Populations - agencies determine the underserved populations in their service areas and develop strategies to reach these populations; examples of underserved populations may include non-English-speaking persons; teens; people of color; LGBT community; older women and men; people with disabilities, and others.

For more information, call the Virginia Family Violence & Sexual Assault Hotline – 1.800.838.8238 (v/tty)
or call the Action Alliance Office: 804.377.0335 for more information.

Virginia Statewide Hotline

Free. Confidential. 24 hours a day.

Crisis Intervention,
information,
support,
and
referrals to community programs
and resources.

For survivors of domestic violence
and/or sexual violence,
family and friends,
and professionals working to respond
to sexual and domestic violence.

The Virginia Family Violence & Sexual Assault Hotline is made possible by grants from the Virginia Department of Social Services and the Virginia Department of Criminal Justice Services.
