You've got to admit. This video goes by really fast. Really great (and entertaining) messages always do. At this point, I've watched it about 4 times. I'll watch it again. Every time I hear something great that I missed before.

I'm gonna wring this teaching out. So many of them keep on giving. Keep squeezing. Watch it again. Apply something new. Share this with somebody. Repeat.

This straight talk about us taking some responsibility for our assignment is one of those we need to really study closely. One pass ain't gonna do it.

How's your alignment? Conclusion: If my assignment feels murky, unproductive, frustrating, etc., it's me, not God. There's something out of alignment.
