

DRILL MORE HOLES

TOUGHER

BECAUSE ROCK DRILLING IS ESSENTIAL TO SUCCESS.

- Tougher machines hold a higher resale value
- Tougher designs excel at rock drilling
- Tougher components last longer
- Tougher kelly bars minimize refurbishment
- Tougher rigs have less down time

FASTER

BECAUSE LOST TIME EQUALS LOST MONEY

- Faster performance cuts cycle times
- Faster, Safer operation comes with balanced rigs
- Faster parts & service keeps the rig drilling
- Faster mobilization increases responsiveness
- Faster rigs let you complete more jobs in less time

SIMPLER

BECAUSE COMPLEXITY IS THE ENEMY OF RELIABILITY.

- Simpler hydraulics are easier to diagnose and fix
- Simpler electronics have fewer issues
- Simpler set up/tear down saves time
- Simpler operation makes the drill easier to learn
- Simpler rigs give you fewer headaches
