

l.i.f.e. huddles

[living in a formative experience]

Sundays @ 9 AM

A "stage" is described as "a point in a process or development". As you enter the various stages of life, it is easy to feel "undone", overwhelmed and anxious. Yet, each life-stage can become a *formative experience*, especially as you connect to God and others who share your common stage of life. You are invited to experience a new Sunday morning hour @ 9 AM - **l.i.f.e. huddles**. Whether you are a *young professional*, a *young family*, a *family with teens*, an *empty-nester*, or *retired*, each life-stage offers the opportunity of **l.i.f.e.** (**l**iving **i**n a **f**ormative **e**xperience). What does it look like "inside the **huddle**"? A **l.i.f.e. huddle** will provide: 1) A *social space* (for fellowship, fun & community) + 2) A *study place* (for spiritual growth in a life-stage appropriate environment). **Huddles** are an invaluable time to grow socially and spiritually toward Christ and each other.
