

# WHERE DID THE BIBLE COME FROM?

Have you ever wondered...

- ◆ How did the Bible come to be in its present form?
- ◆ How were these books chosen to include in the canon?
- ◆ How and why are Protestant and Catholic Bibles different?
- ◆ Why do translations from the original languages vary?
- ◆ What was the process that produced a Bible in English?
- ◆ How can I choose among all the various versions today?

The adult education class will confront these questions and more in a new series beginning **Sunday, September 9 at 9:30 a.m. in room 106.**

See Rae Leonard if you have questions.
