# THE GROVE

## WHAT EXACTLY IS THE GROVE?

The Grove is Westwood's Online Community. As an attendee at Westwood Church, we encourage you to use and become part of The Grove. When you log in, you will be able to see your own profile information, the groups you are participating in, the volunteer positions you hold, access your giving record, explore events you might be interested in, easily communicate with other members, and much more! You can update your profile information to make sure our records are correct and allow other people at Westwood to get to know you better. We hope you enjoy the online community!

## IS MY INFORMATION PRIVATE?

While our database contains anyone who is on our mailing list and our website is public, our online community is private in that only those who have usernames and passwords assigned to them can join in. After your request has been processed, you will be emailed login information. You can decide whether your profile will be 'listed' to other online members or 'unlisted.' Unlisted profiles are not seen by anyone beyond our staff and key leaders. Listed profiles can be found by other members, and only your picture and email address can be seen. You can adjust who can see the information in your profile in your privacy settings. To encourage interaction in the online community, all profiles of Westwood Regular Attendees will default to listed unless you request to be unlisted.
