

WFM PEACE CLINIC

TRAUMA CLEARING MODEL-EFFECTIVE-LASTING-BREAKTHROUGH METHOD

INTRODUCING A PROVEN METHOD FOR CLEARING:

The 'WFM Peace Clinic' training is provided in an intensive workshop style, and serves to equip parents, educators, counselors, pastors, social workers, therapists, and anyone helping those whose lives have been impacted by trauma of all kinds.

By addressing emotions connected to traumatic events and utilizing the simple clearing technique learned through this training, one will be able to disengage the fight, flight, or freeze response to particular memories and bring peace to someone's life by clearing points of trauma.
